

Art and Design National Curriculum

Purpose of study

Art, craft and design embody some of the highest forms of human creativity. A high quality art and design education should engage, inspire and challenge pupils, equipping them with the knowledge and skills to experiment, invent and create their own works of art, craft and design.

As pupils progress, they should be able to think critically and develop a more rigorous understanding of art and design. They should also know how art and design both reflect and shape our history, and contribute to the culture, creativity and wealth of our nation.

Aims

The national curriculum for art and design aims to ensure that all pupils:

- Produce creative work, exploring their ideas and recording their experiences
- Become proficient in drawing, painting, sculpture and other art, craft and design techniques
- Evaluate and analyse creative works using the language of art, craft and design
- Know about great artists, craft makers and designers, and understand the historical and cultural development of their art forms.

Attainment targets

By the end of each key stage, pupils are expected to know, apply and understand the matters, skills and processes specified in the relevant programme of study.

Mowbray School Long Term Art Plan KS1

Two Year rolling programme KS1

Pupils should be taught how to:

- Use a range of materials
- Use drawing, painting and sculpture
- Develop techniques using colour, pattern, texture, line, shape, form and space
- Learn about a range of artist's craftsmen and designers.

Year 1

Term	Topic	What we are covering
Autumn Term	We're going on a journey.	Nature Sculptures - This unit will teach your class about the concept of nature sculpture. The children will have the opportunity to learn about different kinds of nature sculptures and to explore the work of Andy Goldsworthy and other environmental artists. Each lesson in the unit focuses on a different technique using natural materials; model making, observational drawing, collecting material, ephemeral land art and group sculpture building. At the end of the unit children will create a multimedia collage to bring together and celebrate their work. Visits: Yorkshire Sculpture Park, Nature Reserve, Studley, Farm
Spring Term	Humans 'v' Animals	Portraits - This Portraits unit will teach your class about portraits, and use of different materials and techniques when making their own. The children will also have the opportunity to explore the work of Pablo Picasso, Paul Klee, Henri Matisse and Andy Warhol, and create artwork inspired by them. Visit Museums, Beningborough Hall.
Summer Term	Come and Listen to a story	Computer Painting - This unit will teach your class key skills that will support progression within the KS1 Computing curriculum. The children will have the opportunity to learn about reproducing the painting styles of great artists using computer programs. Each lesson focuses upon a different artist and their particular style. The children will use this as inspiration for mastering specific techniques within design-based software. The lessons do not specify any particular software to be used, though it is worth checking that whatever you are using will allow the children to meet the success criteria. At the end of the unit your class will have the opportunity to use a mixture of the styles and skills learnt within this topic to produce their own computer-painted masterpiece!

Year 2

Term	Topic	What we are covering
Autumn Term	Around the world in 80 days	Miró - This unit will teach your class about the Spanish Catalan artist, Joan Miró, inspiring them with colour, fun, dreams, and nonsense as they create their own pieces of art. They will learn all about his Magical Realist paintings, drawing on their own experiences to create dream-like pictures about their own lives. Children will have great fun exploring printmaking with lots of different objects and materials to illustrate a nonsense alphabet. Children will love using their imaginations as they delve into Miró's Surrealist paintings and sculptures, learning new techniques and making their own unique, colourful, and exciting artworks.
Spring Term	From farm to Plate	Colour Chaos - This unit will teach your class about choosing, using and mixing their own colours to create quality art work that shows progression in skills. The children will have the opportunity to explore the life and work of six key abstract artists and, working primarily in paint, to create pieces in a range of abstract styles.
Summer Term	Hidden Treasure	Fabricate - In this unit children will learn about 2 textiles techniques, weaving and wax-resist dyeing, making their own products using the techniques. Children will weave paper and other materials to create under the sea placemats, inspired by craftmakers around the world and the textiles artist Gunta Stolz. Children will learn about the decorative art of Gustav Klimt before adding decoration to their placemats. They will then use their paper weaving skills to create beautiful handmade heart bags to give as a gift. Children will then learn about the use of traditional batik in Indonesia and around the world before designing and making their own batik coasters using wax resist sticks and dye.
