

KS4 Equine Studies Long Term Plan 2018/2019

All students are encouraged to participate in looking after the ponies and donkeys throughout the year and over the two year option period. There are different AQA Unit Awards that can be gained. Some students will gain more than one unit award over the two year period.

The Unit Awards we currently use are

Entry Level Range

Grooming

Horse Care Entry Level

Feeding Horses with Support

Horse Rugs

Cleaning Tack

Identification and Recording of Horses

Tacking up a Horse

Students will progress through the list at their own personalised level of learning. More than one Unit Award can be worked on at any one time. Consolidation of previous learning is inevitable as there is some degree of repetition in caring for animals and developing responsibility.

We also link into the Farm Unit Awards where appropriate e.g. Health & Safety, Using a Wheelbarrow.

BTEC Animal Care & BTEC Horse Management

Some students will be studying for BTEC qualifications and may gain an Entry Level or Level 1.
