

Mowbray School Bedale Primary

Formal Pathway Newsletter

We have been delighted to have all of the students back for the final part of the term. We know that the past few months have been incredibly tough for those at home and school. The children have shown so much resilience and positivity they should all be very proud! On Friday 19th March we celebrated Red Nose Day dressing up as Superheroes. The children and staff did a fantastic job and looked incredible!

Spring Term STAR Pupil

Nominees for STAR of the term are;

2SO: Mackenzie Hannant who learned to ride his bike (2 wheels without stabilisers) which is a fantastic achievement.

2LC: Freddie Ineson-Wilkinson for completing an incredible amount of learning at home, designing his own timetable and sticking to it throughout the whole lockdown!

2CB: Mia Franks for completing so much home learning and participating in all tasks etc before she started at the school!

2CT: Roxy Whiting - Caskey for her positive attitude towards Home Learning.

The winner is

Freddie Ineson - Wilkinson!

For Geography this term we have been looking at India. We have researched and compared the life of a child in India, researched the weather conditions, the lifestyle and the food. The children have enjoyed finding out about another country and understanding that a child's life in India does have some similarities to theirs. The Easter Holiday could be an ideal time to experiment with some Indian recipes at home. Please follow the link below for ideas and share your creations with us!

Rocco Zecca, a parent of one of our students in school completed 28 half marathons in 28 days and raised £10000 for our much-needed Rebound Therapy Centre. On his Final day Rocco ran from his home to the school and completed two laps of the playground. All the staff and children were safely standing around the playground to welcome him and cheer him on.
